Hijacking Google...

In this report I'm going to reveal a fast way to "hijack" Google by bypassing regular SEO methods.

Using this method you can get rankings on the first page of Google for competitive search terms in 24-48 hours. Let me start with some examples.

Here are some real live examples of press releases I've submitted very recently using the PressCable service and the rankings of those press releases at the time of writing this report.

The image shows a comparison of two pricing plans for PRweb.com. The 'Premium' plan is highlighted with a red 'Best Value' badge. Below the plan names are 'Get Started' buttons. The 'Premium' plan lists 'ADVANCED FEATURES PLUS:' including access to premier news outlets like the New York Times, USA Today, and the Associated Press. The 'Financial' plan lists 'PREMIUM FEATURES P...'. At the bottom, the costs are listed as '\$369 per news release' for Premium and '\$499 per news' for Financial. A red arrow points from this callout box to the '\$369 per news release' price tag.

PRweb.com's \$369 cost cuts into your profits and can be a serious barrier for many people.

People do make profits even at this cost and somewhere around 1,000 people use Prweb.com's premium service for the simple reason that it's effective at getting traffic online.

It works because your content ends up on the trusted news channels.

The good news is what I have for you today is a lot cheaper.

4 Different Ways To Make Money...

Strategy #1 – Make Money With Local Clients...

- Choose 5 potential clients.
- Submit content via SkyRanker for each of them. You don't charge the client upfront.
- Then show the client the results when you have the content ranked.
- Control where the traffic goes from the content with a simple redirect script.
- If the client stops paying you you can send the traffic somewhere else.
- Charge \$25-\$500/month+ for the rankings.
- This is covered in detail in the SkyRanker training.

Strategy #2 – High Ticket Affiliate Programs...

- Choose affiliate programs that pay \$100+ per sale (SkyRanker training includes a list of high paying affiliate programs).
- Target keywords with “buyer intent” (SkyRanker training includes a pdf and video showing my proven keyword selection method in detail).
- Make profits immediately.
- Do this repeatedly so that you keep profiting from traffic that comes years after you've done the work building up your passive income.

Strategy #3 – Launch Jacking Product Keywords...

- Check out a launch calendar like Muncheye or JVNotifyPro, or Marketplaces like Clickbank and JVZoo to find a product you'd like to promote.
- Use SkyRanker to quickly rank for the product's name and buyer keywords like 'Product Name Review' or 'Product Name Bonus'.
- Link to your product review website or a landing page and enjoy the commissions!

Strategy #4 – Seeding Viral Traffic Campaigns...

- Place viral content on a minimalist landing page with nothing but the content and social share buttons.
- Submit a SkyRanker release promoting the content, and let PressCable drive 200+ backlinks to the site and a bunch of initial 'seed' traffic.
- Watch your rankings, traffic and social following increase — and if you happen to place an affiliate link on your landing page too — Enjoy Your Commissions!

Many More Money Making Strategies In The SkyRanker Training...

In the full SkyRanker training you'll see a whole different range of ways you can make money creating and submitting press releases with the PressCable service.

You've probably also thought of many different ways you can use the first page rankings and traffic you can get this way to generate profits for yourself.

Remember this method works because your content lands on authority **news** sites that people **trust**.

Ron Douglas We used SkyRanker for a local client's press release and it far exceeded our expectations. Not only did the press release rank in the top 3 for several of the client's main buyer keywords, the clients site also jumped up in the search results knocking a competitor off the first page in the process.

Our client is so happy that he's renewing with us for another \$5k contract. Very well done. For what they're charging, this service is a no brainer.
